

## Weekly Laboratory Activities

A few labs have the whole class, but most are split into groups as indicated below.

\*Check **OLCR** website for all Lab allocation: List also in G39 and on lab door

For the first series of labs (weeks 2-4), each lab class (MON and THURS) is split into **THREE** groups with about 12 students per group

With the large number of students it is **ESSENTIAL THAT YOU SORT OUT YOUR LAB GROUP by the second week and STICK WITH THIS** - otherwise it will be chaos, especially with the complexity of Project groups.

For the labs in weeks 6&7, each lab class (MON and THURS) is split into **TWO** groups with about 18 students per group.

Week		LAB
1	Safety	Whole class
2	Cutting	A
	Staining	C
	Project	<b>B</b>
3	Cutting	<b>B</b>
	Staining	A
	Project	C
4	Cutting	C
	Staining	<b>B</b>
	Project	A
5	Statistics & Stereology	Whole class
6	TEM/SEM	A
	Immunohistochemistry	B
7	TEM/SEM	B
	Immunohistochemistry	A
8	Molecular Biology	Whole class
9	Project Time	Whole class
10	Tissue culture	Whole class
